New Press Installed by Ukiah Newspaper

The fine new Goss Coxotype press ordered recently by the Republican Press, of this city, arrived the latter part of last week and was installed in time to print this week's issue of the Press. A number of minor adjustments are yet to be made. The machine does fine work at a speed of 3500 an hour against a speed of 1400 usually printed by cylinder presses.

It prints from a roll instead of separate sheets, cuts, folds, counts and delivers at one operation either four, six or eight pages.

By a special attachment the press will print four pages in two colors instead of eight in one color.

It is seldom the owner of a country weekly realizes his dream of owning a piece of machinery of the capacity and perfection of this, and the Dispatch extends congratulations.

SOUND ECONOMY is always good

Recently we noticed in a Napa newspaper a paragraph stating 5 principles of economy which are briefly:

1. Avoid unnecessary debt.
2. Buy economically.
3. Raise as much food on the farm as possible.
4. Conserve clothing.
5. Have more recreation at home.

Sound economy is the way to success in good times as well as in bad. Franklin's adage "Waste not, want not," is as applicable today as ever.

Steal Gas, Set Car Afire, Land in Jail

Hard Luck Pursues Two Mendocino Men, Stranded Here While Looking for Work

Archie Gorden and a man by the name of Ferguson, both of Mendocino city, are being held in the city jail. They were arrested Wednesday evening about midnight by Tib Fisk and Joe Elledge, for stealing gas from a machine belonging to Vic Hildreth, rancher of the Talmage section.

While en route to their home from Hopland, where they had gone in search of work, the men ran out of gas. Having no money they syphoned some gas from Hildreth's machine, which was parked at the Union Oil Co. service station.

While filing their tank, the gas ignited from a cigarette one of the men was smoking and the resultant fire destroyed the upholstery and seat of their car. A call was placed from a nearby restaurant to the fire department, which responded and extinguished the blaze with chemicals.

One of the men received superficial burns.

The damaged car was later taken to the Ukiah garage, where it will be stored pending further developments.

Judge Peirson yesterday sentenced both men to pay $50 fine or serve 50 days in jail, but suspended sentence and put them on probation for a year.

The case of Sam Ray vs. Ben Cober was heard in the superior court this week by Judge Geary of Sonoma county sitting for Judge M. H. Iversen.

Truck Driver Dies from Fumes in Cab

Vehicle Parked on Highway All Day With Engine Running Prompts Investigation

Roy Abraham Dove, of San Francsico, a truck driver for the Savage trucking company of that city, met death sometime Tuesday from carbon monoxide gas, given off by a running engine through a heater in the floor of the tightly closed cab.

While on her way to Ukiah in the morning from her home in Redwood valley, Mrs. William E. Carter noticed the parked vehicle near the Forks service station. On her return trip in the afternoon she was surprised to see the truck in the same position and with the engine running. On her arrival home she told her husband. He and Clyde Brewer, proprietor of the Forks, opened the door of the cab and found the man dead. Brewer immediately notified the sheriff's office, and Deputy Wayne Crawford, accompanied by Coroner W. F. Ornbaun went out to investigate.

Dove was found by the officers stretched out in the seat, where he had apparently gone to sleep, leaving the engine running.

Before Dove left Willits, Monday night, he had called his wife in San Francisco by long distance telephone and told her he was very tired but would try to make it through that night. Sleep had evidently overcome him while en route to the bay region.

The body was brought to the Cleland mortuary, where an autopsy was performed by Dr. S. L. Rea. The verdict returned by the coroner was death by asphyxiation from poisonous fumes caused by the running engine.

Mrs. Dove, in company with Roy Easterbrooks, representative of the trucking company, arrived Wednesday morning and claimed the body, which was shipped to Salt Lake for burial.

The deceased was 34 years old and was employed by the company in driving one of their large trucks filled with steel for the contractors who are getting ready to construct the bridges over Big Dan and Little Dan creeks near Cummings.

Given Fine of $200 for Drunken Driving

Earnest Rucker, laborer, a resident of Ukiah, was arrested by Captain Ryder of the local traffic department in town Thursday after he had been traveling on the Redwood highway, north of Ukiah, at 65 miles an hour.

Rucker had borrowed a car from a local business man for "just a trip around the block," but instead had headed toward Calpella. He had made two trips to the nearby village and was on his way home when he was picked up by the officer.

When the young man did not return as he had promised, the owner of the car made a complaint to the sheriff's office and deputies Earl Bishop and Wayne Crawford started a search for him. While they were parked at the junction of the Low Gap road and the highway, Rucker sped past with the officer in pursuit. He was arrested by Ryder and lodged in the county jail and a charge of driving while drunk was placed against him. A half gallon of wine was found in the car.

He was brought up for trial in the superior court before Judge Iversen Friday afternoon and plead guilty. He was fined $200, and due to the fact that he is employed on the new bridge over the Russian river on the Lakeport road, he was given 30 days in which to pay the fine.

CHECKS
.. the wings of Business

EVERY MONTH the banks in California pay checks drawn by their depositors, totaling approximately *two billion* dollars.

All banks cooperate to speed these wings of modern business. Bank of America alone handles nearly one million checks a day.

Among them are thousands of checks drawn on other Bank of America branches and on different banks in various California cities.

These are forwarded daily—by first train or air mail—*direct* to our own branches for collection.

Thus, many transactions which ordinarily would require days are completed in a few hours.

Any Bank of America officer will gladly explain this unique direct-routing system—and how it saves time and money for our depositors . . .

Saturday Afternoon Club Holds Meeting

In the absence of the president on account of illness, Past President Mrs. Louis Hofman presided at an interesting meeting of the Saturday Afternoon Club last week.

It was announced that Mrs. C. M. Fulkerson is chairman of the committee that is arranging a card party to be held at the clubhouse tomorrow afternoon.

The Mendocino County Federation of Women's Clubs will convene at the Saturday Afternoon clubhouse at 10:00 o'clock a. m. March 5, with Mrs. Mark Eglin of Caspar presiding. A luncheon will be served to club members by the Federated Methodist Women in the social hall of the Methodist church at noon. The county federation will plant a tree in the Saturday Afternoon clubhouse grounds in a location to be selected by Carl Purdy.

Mrs. Louise Bernhard announced that the picture, "Way Back Home," featuring Seth Parker of radio fame, and beautifully depicting New England home life, would be presented at the State Theater soon and suggested that the club members manifest their approval in a practical manner by their patronage.

The program in honor of the Washington Bi-centennial was introduced by a captivating colonial dance by little Dorothy Jean Pioda, with her mother, Mrs. A. Pioda, at the piano.

R. R. Wilson, principal of the Ukiah grammar school, was the speaker of the meeting and addressed the club on the subject of "The Life and Achievements of Washington."

He reviewed in a very interesting manner the principal events of historical importance in the career of Washington. He also described some of the most famous busts and portraits.

Bill Whitney, justice of the peace and United States commissioner of Willits, spent Tuesday in Ukiah transacting business.

Mr. and Mrs. R. K. Lamont, of San Rafael, will be the guests of Mr. and Mrs. Joe Weber, Saturday, at their home on Grove avenue.

Grange Honors First President

The California Grange News says, "It is fitting that the Grange should honor the name of our beloved first president, General George Washington.

Not only was he a fearless leader in war and a wise statesman in peace but he was a successful farmer. He was never happier than when on his estate. He loved to see things grow and was constantly trying to improve his plantation.

Many beautiful trees in the garden at Mt. Vernon attest his love for these products of nature. Millions of trees will be planted this year as a memorial to him. The Grange heartily endorses such an enduring tribute to a great man. Even as the memory of Washington lingers in the hearts of his countrymen so will these memorials cling to the soil, enriching it, sheltering it, and adding to its beauty."

A memorable meeting of Ukiah Grange, No. 419, was held at Boring hall last Friday evening, with Worthy Master Marion Swim.

An interesting and spectacular program in honor of the Washington Bicentennial was presented by Mrs. Bessie Jamison, chairman of the entertainment committee, assisted by Veva Collins, Pearl Blankenship, Pearl Poulos, Vernon Ruddick, Chas. Todhunter, and Miss Grace Emery.

The community singing was led by the pianist, W. K. Davis. Other musical program features were an instrumental duet by Jewyl and Ada Blankenship and a vocal trio by O. R. Archer, Elmer Purdy and W. K. Davis.

The clever one-act play, "When George and Martha Washington Return," coached by Mrs. Louise Bernhard assisted by Mrs. Jamison, was remarkable for the beautiful costuming and dramatic ability of the actors. Mrs. Mildred Michelson and E. W. Dutton were cast in the title roles and were a remarkable representation of the handsome gallant and raving beauty of Revolutionary days.

Stepping down from their frame, they dropped the pictured pose of two centuries. They were startled and surprised to discover the marvels of modern invention which contribute so much to the comfort and convenience of present day homes. They danced the stately steps of the minuet to electrically controlled music and resumed their picture position before the smartly dressed ultra-modern couple returned to suspect that someone had invaded the home in their absence.

The ultra-modern characters were taken by Mr. and Mrs. D. E. Mankins.

Later George and Martha were the subject of much attention and were heartily congratulated upon the talented manner in which they portrayed the historical characters.

In the banquet room, the chandeliers were draped with streamers of red, white and blue, and the United States flag was conspicuously displayed.

At tables decorated with small flags, refreshments consisting of cherry pie were served.

After supper, a few hours of dancing were enjoyed.

At the next meeting, Mrs. Mary Luce, lecturer, will present a one-act play, "The Decimal Point," with a cast of characters including Helen Swim, Dale Louck, Carrol Weeks, Vada Collier and H. E. Dewey.

During the business session, F. M. Swim, past master of Mendocino County Pomona Grange, No. 10, announced that George Sehlmeyer would be present at a meeting of that organization to be held in Redwood Valley on Tuesday evening, March 5.

He also stated that there will be a joint meeting of the granges of Sonoma and Mendocino counties, the location of which will be named later. National Lecturer James C. Farmer will be in attendance at this meeting. He will arrive in California February 29. He is an able speaker and will effectively present agricultural issues from a national standpoint.

Club Circus Comes to Cecille

It has been said that the circus is relegated to the past, permanently superseded by the modern movies, a more convenient and less cumbrous form of entertainment. However, a one-ring arena with all the customary freaks, feats, festivity and the ancient eclat of a Roman holiday came to Hotel Cecille last Thursday evening.

The unusual affair was staged for the entertainment of the Business and Professional Women's Club of Ukiah by a committee composed of Mrs. I. E. Saari, Mrs. Mary Scholl, Miss Lucille Hansen and Miss Blanche Valette.

A circus atmosphere was created by a big top formed of lines of gay pennants and multi-colored balloons and wall decorations of the many jungle beasts, the illusion being completed by a carpet of sawdust. The tables were laden with gay hats for the diners, many noise-making devices, and favors of clever clowns.

Miss Lucille Hansen, star of the spectacle, clad in characteristic costume, acted as ring master and put on the show with the demeanor and dispatch of the experienced director.

Mrs. Mary Scholl, in customary clown costume, participated in several clever performances and was the cynosure of all eyes throughout the evening.

Mrs. Bessie Jamison and Mrs. Katherine Foster gave a very interesting and illusory representation of the Siamese twins.

Mrs. Louise Bernhard as Fatima, the fat lady, who demonstrated her well known terpsichorean talent, received a regular ovation.

Mrs. Drusia Harris as the strong man, with fierce physiognomy and marvelous muscular development performed wonderful feats of strength.

Mrs. H. W. Brunner as the snake charmer, arrayed in fantastic barbaric costume with a sinuous serpent coiled about her neck and arms was really charming and the sensation of the show.

Marceil Ryan, as the fascinating midget, gave a song and dance in a finished manner that bespeaks for her a future stage carreer.

Miss Grace Emery, whose glorious golden hair is the admiration of all of her friends, gave a very realistic representation of the bearded lady. Her own tawny tresses were so arranged as to appear as a real facial hirsute growth.

Miss Blanche Valette in complete cowboy costume, directed a trained equine act, the conglomerate anatomy of the remarkable quadruped being composed of Orletta Hawn and Marcelle Valette.

Mrs. Vivian Smith, as the versatile ventriloquist, was a scream in more senses of the word than one.

Mrs. Alice Bertsch and Mrs. Ellen Jung, hill billies who came to town to enjoy the circus, attracted no little attention.

Clara Waugh in gay Gypsy garb, read the future of all present.

The climax of the circus was the parade of the freaks.

Music was furnished by Mrs. I. E. Saari and Heinie's orchestra.

A great number of guests were present to enjoy the gala event with the members.

Miss Mollie Rogers, of Willits, spent a few days in Ukiah this week visiting friends.

A Message to Mothers

On Children's Eye-Sight, by Dr. Roberts

PART II.

A child can not know that its vision is wrong until its vision has been corrected. They never complain about their eyes, believing that every one sees as they do, so give it no further thought. A child cannot know its vision is wrong until some one shows them. Then they see a new world that has been washed clean, and set upright, filled with glorious color.

I recall a sad case of some time ago. A teacher brought a little fellow into my office. "I cannot seem to do anything with this child, there is something wrong," she said.

At first I thought he was feeble minded, but after close observation I knew he was an intelligent boy. "I presume he does not see," I said. "What, with eyes like those and can't see?" "Incredible," she exclaimed. "But if you have lived among children day after day, year in and year out, you know nothing is incredible," I replied. A few simple tests showed me that George could not see beyond his nose. I completed the test and in a few days, slipped a pair of glasses on George's nose, and stood back to see what would happen. The excitement and exclamation was pathetic. Imagine giving a child his sight, his light throughout life. That alone was worth more than all I ever did before and since, put together. We found this case early, but some we do not find until the harm has been done. Have the children's eyes examined often.

Burglary Attempt at Dental Office

An attempt was made to enter the dental office of Dr. R. D. Withrow in The Republican Press building Tuesday night. Marks on the door to the reception room showed a chisel had been used in an effort to force the lock. Moulding on the door casing was torn off and other portions splintered.

Livingston and the boy's father went in a row boat after him but because of the strong wind it was impossible for them to get back to shore.

Covelo News

COVELO, Feb. 23.—In spite of the epidemic of influenza which seems to be at its peak, the George Washington bi-centennial celebration on Monday night can be pronounced a great success. The program showed two distinct phases ,both of vital significance. On the one hand the deeper undercurrent of life's problems was recognized by the C. W. I. club's committee leader, Mrs. Alice Bradshaw, whose untiring efforts brought together the group organizations of our community "to promote the general welfare." In recognition of this principle, the choice of speaker fell upon the ranking political official of our community, Assemblyman G. M. Biggar.

Mr. Biggar's address showed thoughtful study. He sketched briefly the causes which led to the discovery of our continent and the establishment of a new form of government. He endeavored to show how the problems which confront the world today, our own nation and our own locality, are only new phases of these old diseases. They may be cured only by new forms of the old remedy—personal responsibility on the part of each individual for himself and the circle which he influences. Brushing aside the incrustment of traditions which tend to make the Father of his Country into demigod, he pictured a virile, patient man, courageous and energtic. Personal responsibility, self-reliance, moral courage developed on pioneer American soil; now as in the time of George Washington personal "religion and morality are indispensible supports" to political prosperity.

The lighter side of life, which too has significant value, was presented in many charming ways. Tableaux, depicting scenes from colonial days, stately dance steps, picturesque costumes, national colors, the portrait of Washington—all vivified the personality of our first truly great citizen who remains still after two hundred years "first in the hearts of his countrymen."

COVELO, Feb. 21.—Clyde Henry, member of a committee of the Covelo chamber of commerce appointed to investigate possibilities for fire protection for Round valley, brought up with him on his last trip some valuable information. He had made a trip to Fairfield for personal inspection of an outfit offered for consideration by the Ancox Fire Equipment Company. The outfit seems to be adapted to the needs of our valley. It is fully equipped and mounted on a 1½ ton Chevrolet truck. It has a speed of 55 miles per hour. A specially contrived windshield can be folded ahead to permit the truck to pass through brush. It is fine for grass fire. The owners are willing to bring the outfit here for a demonstration. If the outfit is purchased they will teach the fire boys how to operate it. Harold Goforth pledges free care for the outfit. Mr. Henry will donate an extra 800-gallon tank to accompany it as a supplementary water supply.

Mr. and Mrs. Easley have leased from the Hop ranch a considerable acreage of foothill land preparatory to engaging in turkey raising on a somewhat extensive scale.

The grammar school has been closed during the past week on account of the prevalence of influenza.

The missionary section of the Dorcas Aid society will meet on Friday, February 26, at the Biggar home. Mrs. Burnham will be the leader. Study of "God and the Census" will be continued. A cordial invitation to be present is extended to all interested friends.

Mr. and Mrs. J. D. Rohrbough entertained delightfully on Friday evening the cast of "The Sky Train." A campfire supper around the open hearth was the first order of business. The gentlemen toasted weenies and served them with rolls, baked beans, salad, doughnuts and coffee to the assembled company. After this important function had been disposed of the company turned their attention to the intricacies of Dutch whist for the remainder of the evening. It was a happy occasion.

Two practical, carefully prepared and delightfully entertaining papers on home floriculture, presented under direction of the garden committee, Mrs. Marjorie Rohrbough chairman, characterized the Saturday meeting of the Covelo Women's Improvement Club. What to plant and what not to plant in Round valley, was discussed from a practical standpoint by Mrs. Adelaide Rohrbough, her paper being based on her own experience supplemented by a study of "Home Floriculture in California." This valuable pamphlet by H. M. Butterfield is issued by the California Agricultural Extension Service, circular 53, June 1931. The committee chairman secured a number of copies early in the fall, giving them out to interested members. A careful study of its pages will reward the home gardener.

Mrs. Sadie Anderson, former county chairman of gardens, contributed the second number on the program, a discussion of flowers that will bloom in winter. The speaker drew chiefly from her own rich experience. She illustrated her talk with a bowl full of specimens which had blossomed in her own garden in spite of the longest continued hard freezing weather that the valley has experienced in years.

The club voted its sympathy with a proposed resolution which the county chairman of Indian welfare wishes to present to the county convention in Ukiah March 5, and directed that a letter be forwarded to Mrs. Murphey apprising her of this fact.

Sympathy of a wide circle of relatives and friends is being extended Mr. and Mrs. George Goforth over the loss of their first-born infant son. Interment was made on Saturday morning in the presence of intimate friends in the Masonic cemetery.

Leslie Vann has moved the Thomson building on Commercial avenue back from the roadway about 15 feet, to provide a driveway, preparatory to fitting it up into a modern service station.

Death has summoned another beloved mother from our community. Mrs. Ermina Havenhill passed away on Sunday morning, February 21, 1932, at 5:30 at the home of her son, Mark Havenhill, instructor in shop work in the high school. While the family has been resident here only a short time they have won many warm friends who extend sympathy in their hour of bereavement. A short service was held at the house on Monday morning, after which the body was shipped to the old home in Millington, Illinois, for burial beside the husband who passed away in 1915.

Ermina Crum was born near Ithaca, New York, December 14, 1841. She came of good old American ancestry, Knickerbocker stock predominating. Many of her ancestors served in the Revolutionary war. In 1812 her father, then a small boy, sat on the shore of Lake Champlain and watched the battle in which his father helped McDonald sink the British ships. Beginning when a mere girl of 16, Ermina taught school for 11 years, leaving an enviable reputation in the minds of those with whom she came in contact. In the fall of 1868 she was married to Asher Havenhill, with whom she came to Illinois and homesteaded what grew into a prosperous farm. To them four children were born, and together they spent 47 happy years. Since the death of her husband she has made her home with her sons, two of whom survive her. She came to California in 1926, since which time she has lived with Mark, who is now a member of the Round valley high school faculty.

Services were conducted by Rev. W. E. Gray of the Baptist church, with which organization Mrs. Havenhill had a life-long affiliation. Mrs. Beatrice Goforth, leader of the choral club, arranged music for the occasion.

Mrs. L. E. Toney has been confined to her home by illness during the past week.

In spite of the continuance of heavy frosts at night many of our citizens are busy with spring cleaning of vegetable gardens and spading of ground preparatory to seeding. A walk the length of Howard and Church streets shows evidence of activities in the homes of Henry Long, Caleb Brush, C. H. Lovell, G. H. Ells, C. L. Hemenway, L. O. Johnson and Gus Hagne.

Musicians Organize Entertainment Club

The "Diversified Entertainers" is the name of a new musical organization recently established in Ukiah under the leadership of Hons C. Albert, former bandmaster, who has been making his home here for the last five months.

The group is composed of Ukiah people who are exceptionally talented in instrumental music. At present there are only five in the organization, but it is planned to add more from time to time. The last two weeks have been spent in practice and to date they have worked out an excellent program consisting of musical and comic numbers.

The object is to provide good, clean entertainment and to create a love for music. At each program a short period will be devoted to community singing, Albert stated.

There are a number of specialty and vaudeville acts in their program which will be given by members and Mr. Albert, who has made a name for himself in various states of the union as an "eccentric musical comedian." The first appearance of the entertainers will be on March 4 in the high school auditorium at Hopland.

TO RAZE CASINO

The former "Pop" McCray property near Cloverdale, known in the olden days as a famous hostelry, was sold last week to Mr. and Mrs. R. C. Melville who plan to raze the old clubhouse and build five cottages for renting purposes.

Mrs. C. B. Morrison is visiting her daughter, Mrs. Earl Quinlan, at 717 ElDorado street, Vallejo.

L. D. Terry and family, of Lake Mountain, were Covelo visitors Saturday.

Miss Helen Hogshead, of Burlingame, and Attorney Jack Hogshead, of San Rafael, are guests at the paternal home.

Reverend H. L. Burnham went to Berkeley the first of the week to attend an unusually fine course of lectures being given at the theological school in that city.

Mrs. Henrietta Fairbanks, of San Francisco, is visiting relatives in Round valley and at the same time giving beauty culture treatments to old-time friends.

C. S. Foster, Arthur Chester and Mr. and Mrs. Solon English left Sunday for a week in the city.

Mrs. C. N. Spurlock is a victim of the prevailing influenza.

Mr. and Mrs. Cecil Moss of Sonoma county were guests during the week of Mr. and Mrs. Elmer Bucknell.

NOTE:—In the above tabulation of the tides the daily tides are given in the order of their occurence, commencing with the early morning tides in the left hand column and the succeeding tides as they occur. On some days but three tides occur, the fourth occuring on the following morning.

The column of heights gives the elevation of each tide above or below the level of the Coast Survey chart soundings. The numbers are always additive to the chart depth.

The data is practically the same for Point Arena Light, Navarro River Entrance, Little River Harbor, Mendocino Bay and Fort Bragg Landing. For Westport subtract 5 minutes from the time and for Shelter Cove add 0.8 ft. to high tide.

Jupiter will be the brightest star in the east for the next four months and can be seen shortly after sunset.

The time of rising and setting for the sun and moon is when the upper limb is on the normal sea horizon. In the valleys the time of rising appears to be later, and that of setting earlier. For the Mendocino coast add 2 minutes to the time at Ukiah.

All of the foregoing astronomical data is taken from American Ephemeris and the time is Pac. Std. Time.

CHRISTIAN SCIENCE CHURCHES

"Christ Jesus" will be the subject of the Lesson-Sermon Sunday, February 28, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "God, who at sundry times and in divers manners spake in time past unto the fathers by the prophets, Hath in these last days spoken unto us by his Son, whom he hath appointed heir of all things, by whom also he made the worlds; Who being the brightness of his glory, and the express image of his person, and upholding all things by the word of his power, when he had by himself purged our sins, sat down on the right hand of the Majesty on high; Thou hast loved righteousness, and hated iniquity; therefore God, even thy God, hath anointed thee with the oil of gladness above thy fellows" (Hebr. 1:1-3, 9).

The Lesson-Sermon will also include the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christ. The divine manifestation of God, which comes to the flesh to destroy incarnate error. Jesus. The highest human corporeal concept of the divine idea, rebuking and destroying error and bringing to light man's immortality. The term Christ Jesus, or Jesus the Christ (to give the full and proper translation of the Greek), may be rendered 'Jesus the anointed,' Jesus the God-crowned or the divinely royal man, as it is said of him in the first chapter of Hebrews:—'Therefore God, even thy God, hath anointed thee with the oil of gladness above thy fellows' " (pp. 583, 589, 313).

WILL ROGERS AND THE NOMINATION

A number of Californians this week got together in the southern part of the state with the announced intention of backing Will Rogers for the Democratic nomination for president.

Several months ago this newspaper suggested the names of Roosevelt for president and Rogers for vice-president. We do not believe that Rogers would be as strong at the head of the ticket as any one of several other prominent Democrats but we do believe that, no matter who is nominated for first place, he would be an ideal choice for the vice-presidential nomination. He is tremendously popular and would strengthen the ticket immensely, while his shrewd and witty comments on the opposition party would make him a formidable campaigner.

With the country in its present state of gloom and despondency, the element of humor that Will Rogers would be able to inject into a campaign would have a salutary psychological effect on our attitude toward our misfortunes that the American people needs just at this time.

Mitchell Dies from Injuries at Willits

Highway Employee Who Was Run Over by Five-Ton Truck Passes Away Sunday

WILLITS, Feb. 22.—Charles Mitchell died Sunday morning as the aftermath of internal injuries he received the previous Sunday, when he was run over by a five-ton truck, mention of which was made in our last issue.

One wheel ran over his intestines and ruptured them so seriously that they became paralyzed. In a few days gangrene set in and every effort was made to stop the infection but without avail. His case was considered hopeless from the start and all of the members of his family were summoned and were here when the end came.

Mitchell was born at Delano, Tulare county, California, in 1890. He was of a mechanical turn and was engaged in work attached to machinery all of his mature life.

At the outbreak of the World war he enlisted in the aviation corps and had 16 months of service overseas. After the war he moved to Shasta county and resided at Mount Shasta City for a number of years.

Last summer he moved his family to Mendocino county, after obtaining employment at the C. E. Coates camp on the Rattlesnake grade construction work. He was a member of the small crew which was left behind to remove the slides from the cuts during the winter storms.

Besides his wife and small daughter the following relatives arrived here from Delano a few days ago: His mother, Mrs. Belle Mitchell, Mr. and Mrs. Robt. Daniel and John Tuter, brother-in-law, of Sacramento.

The remains were shipped to Mount Shasta City, where the funeral will be held next Wednesday under the auspices of the local post of the American Legion.

WEDDED IN SANTA ROSA

Charles Hetzell and Miss Marguerite Harpe, both of Hopland, were married at Santa Rosa last week at the parsonage of the Methodist church by Dr. F. K. Baker, pastor. After a short honeymoon, the young couple will make their home in Hopland. Among the many guests at the wedding ceremony were Clarence Hetzel, Lawrence Harpe, Francis F. Allen, Francis F. Allen, Jr., Mrs. Joe Alvarez, Mrs. J. L. Hughes, Mrs. W. H. Rush, Mrs. Van Harpe, Mrs. F. D. Harpe, Miss Evelyn Harpe, Miss Stella Alvarez, Miss Jacqueline Walker, Miss Mary E. Allen, Clara E. Allen and Master Jerry Harpe.

MARRIAGE APPLICATIONS

Applications for marriage licenses were filed this week by Dillon J. Doss, aged 22, of Stockton, and Madeline Phillips, 21, of Ukiah; Harold D. Mathis, 21, of Kelseyville, and Margaret Turgason, 18, of Lakeport.

Luther T. Hansen and Hons Albert, local business men, spent three days this week in Ferndale and Eureka, visiting and attending to business.

Clarence Broback, accompanied by his son, Dick, both residents of Fort Bragg, spent Friday in Ukiah attending to business.

Iversen on Bench at Sta. Rosa this Week

(Santa Rosa Press Democrat)

Superior Judge M. H. Iversen of Mendocino county, sitting in extra session of the superior court here, yesterday took under advisement the evidence in the $26,086.50 damage suit of Sarah Randall Wood, former Napa waitress, against C. V. Fulmer, the result of an automobile accident two years ago.

It was the second trial of the case, a jury originally having given Mrs. Wood judgment for $1,086.50, covering only her actual expenses resulting from her injury in the accident, which occurred in Sonoma valley. Her attorneys appealed for a new trial on the ground that the verdict was not justified by the testimony, and Judge Ben C. Jones of Lake county, who presided in the original case, granted the petition.

In the hearing yesterday no jury was called and the case was submitted to the Ukiah jurist without briefs. It was the contention of Mrs. Wood's attorneys that if any judgment was justified it should call for general damages in addition to those for expenses directly due to the accident.

PLENTY OF HELP FOR CHINA

(Santa Rosa Press Democrat)

An American flyer was shot down in Shanghai yesterday when, with more bravery than judgment, he sailed into a squadron of Japanese fighting planes and got the worst of it. One of his opponents died soon after the battle. The dead American is Robert Short, formerly of Tacoma and Los Angeles. If he had gone out against one plane or two, he probably would have been successful, but skill and nerve cannot overcome a handicap of six to one.

The incident does not involve the United States in any way. When Short attached himself to the Chinese army he officially became a Chinaman. America might just as well get used to reading dispatches about Americans involved in the fighting. There will be plenty of Americans helping China with her battle for life before the war is ended. If China could be reached without traveling half way around the world there probably would be thousands of Americans in Chinese uniforms. There would be other thousands from a score of other nations.

An overwhelming majority of people throughout the world are pulling for China. This fact probably has something to do with the stubborn resistance by the Chinese. It is heartening to know that the world is with you. It is equally disheartening to realize, as Japan does, that the moral support of the world is with the enemy.

This morning it looks more than ever as though the Japanese conquest of China is doomed to failure. Japanese commanders admitted last night that their assault on Shanghai, from a military standpoint, has so far been unsuccessful. The assault on the Shanghai-Woosung front was halted by the Japanese yesterday because the attack seemed hopeless without a more powerful force. Reinforcements are now on the way to China.

It now appears that the lull in the fighting is in China's favor. Chinese reinforcements are being brought up faster than Japan can bring men across. In the meantime Chinese are digging in deeper, perfecting their trenches, making their machine gun nests more secure and generally preparing themselves to hurl back the invaders, no matter how fast they come.

Japan is finding herself in an increasingly uncomfortable situation. She has seized the Chinese dragon by the tail and she doesn't dare let go.
